Bonpoint SS26 Drop 1

在2026及2025年度Bonpoint中国社交媒体运营中，在统筹公众号、小红书、抖音、微博及视频号等多平台内容策略与执行，年度累计全渠道总阅读量突破 100万次（基于4月数据年化推算）。其中，公众号年度阅读量超 35万次，单篇最高打开率达 6.4%，最佳内容分享超 80次；小红书年度阅读量超 8万次，单篇最高互动率达 4.0%，多篇联名内容互动率稳定在15%以上；抖音年度阅读量超 19万次，新品内容获赞表现突出；微博年度阅读量超 38万次，KOL合作内容单篇最高阅读近 4.6万次（年化）。通过差异化内容矩阵、精准的联名热点营销及多平台节奏把控，有效提升了品牌在高端童装市场的社交声量与用户粘性，为品牌全年数字化传播奠定了坚实基础。

During the social media operation of Bonpoint China in 2025 and 2026, I coordinated the content strategy and implementation across multiple platforms including WeChat Official Account, Xiaohongshu, Douyin, Weibo and WeChat Channels. The total annual views across all channels exceeded 1 million (annualized projection based on April data). Specifically, the annual views of the WeChat Official Account surpassed 350,000, with the highest single-article open rate reaching 6.4% and the best-performing content shared over 80 times. Xiaohongshu achieved annual views of more than 80,000; the maximum engagement rate of a single post hit 4.0%, while multiple co-branded posts maintained an engagement rate above 15%. Douyin recorded annual views exceeding 190,000, where content featuring new products delivered outstanding likes. Weibo gained annual views of over 380,000, and the highest annualized views for a single KOL collaboration post reached nearly 46,000. By building a differentiated content matrix, carrying out targeted co-branded viral marketing, and managing publishing rhythms across various platforms, we effectively boosted the brand's social presence and user loyalty in the high-end children's apparel market, laying a solid foundation for the brand's full-year digital communication.
