HAUS

From Legacy to Community

在HAUS集团海外度假村项目大陆市场预热宣传中，我负责整体策划方案的制定与海外客户需求对接。首先，我深入了解集团旗下各度假村的核心卖点与目标客群画像，与海外团队进行多轮沟通，精准把握其对于大陆市场的期待与品牌调性要求。在此基础上，我提出以“私享之境·全球隐逸”为核心的预热宣传方案，围绕“稀缺性”“私密性”与“在地文化体验”三大价值点，构建了包括品牌定位、内容体系、KOL矩阵、渠道组合及时间节奏在内的完整传播框架。方案中规划了“探访全球隐奢度假村”系列视觉内容、高净值生活方式KOL定向邀约计划，以及针对一线城市高端人群的私享品鉴会等线上线下联动举措。该方案获得HAUS集团海外总部及大陆市场团队的一致认可，并进入执行筹备阶段，为度假村项目在大陆市场的顺利亮相奠定了传播基础。

For the pre-launch campaign of HAUS Group's overseas resort projects in the China market, I was responsible for developing the overall promotional strategy and coordinating with overseas clients' pre-campaign requirements. Through in-depth research into the Group's resort portfolios and target audience profiles, and after multiple rounds of dialogue with the overseas team to align on market expectations and brand tone, I proposed a comprehensive pre-launch framework centered on the concept of "Private Sanctuaries · Global Seclusion." The plan highlighted three core value pillars—exclusivity, privacy, and local cultural immersion—and incorporated a full-fledged communications architecture covering brand positioning, content strategy, KOL matrix, channel mix, and phased timeline. Key initiatives included a "Discover Global Hideaway Resorts" visual content series, targeted collaborations with high-net-worth lifestyle KOLs, and exclusive private salon events for affluent audiences in first-tier cities. The proposal received strong endorsement from both HAUS Group's overseas headquarters and the China market team, and has now progressed to the execution preparation phase, laying a solid communications foundation for the successful launch of the resort projects in the mainland market.
